Options On The Toolbar

This displays the **first** page of your report.

This only displays the **next** page of your report.

This displays the **last** page of your report.

This allows you to **select** which page in your report you want to see.

This allows you to **zoom in** (or magnify) your report.

This allows you to **zoom out** (or de-magnify) your report.

This allows you to **close** the output window you are in.

This allows you to **save** your report.

This allows you to **print** your report.

This allows you to **preview** your report.

This allows you to **export** a file to another application.

This allows you to view **two pages**.

This allows you to view **four pages**.

This allows you to view **six pages**.

This allows you to **open** a new file.

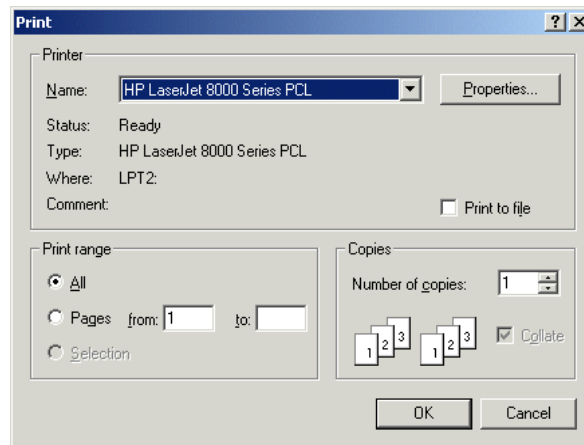

This allows you to get help on anything that is displayed in the Eureka window. When you select the Context Help button from the toolbar your pointer changes to look like the Context Help button. You can then click any part of the Personal Edition window, including a menu selection, toolbar button, and so on, to get help on that item.

Printing A Report

To print a report use the following steps:

1. With your report still displayed, click  on the toolbar.

The Windows Print dialog box similar to the following is displayed:

Here, you can change the printer you want to print to, set a print range, change the properties and/or determine the number of copies you want printed – just like any other Windows application.

2. Click **Cancel** for this exercise (we may not have a printer to print to). Of course normally, you would click **OK**.

3. Click ; this will close the output window.

Printing To A Remote Printer

INTRODUCTION

You can send your report to a network printer (such as a high-speed printer) by using the FTP option, or you can use the MORDS option.

File Transfer Protocol (FTP)

File Transfer Protocol (**FTP**) is a program that allows you to copy a file from one machine to another. In this case, you are given the capability to copy your print files to your own print server or PC or any other addressable machine you have access to.

PREREQUISITES

You will need to have an IP Address and Password to the machine you are FTPing to.

STEPS TO PERFORM ACTION

With your list of reports displayed, select the report you want to FTP and click .

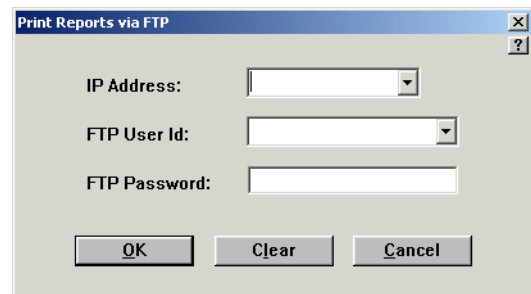

STEP 1:

- Check the **FTP** check box.

STEP 2:

- IP Address:** Enter a valid IP Address for the printer.
- FTP User Id:** Enter your user id for the printer you are printing to.
- FTP Password:** Enter your password for the printer you are printing to.
- Click **OK**.

Deleting A Report

To delete a report, use the following steps:

1. With your list of reports displayed, highlight the report you want to delete.
2. Click **Delete**.

A dialog box similar to the following is displayed:

- a. Click **Yes** to delete.

- b. Click **OK**.

You are returned to the Reports Menu.

- c. If you want to delete another report you can do so at this time; otherwise, click **Exit** and you will be returned to the DPAS Main Menu.

Other Options In The Reports

There are other options in the Reports queue available to you. They include:

This button will re-display the list of available report files.

Module:

This will allow you to display reports from certain modules, or you can display all reports from all modules.

Report Type:

This will allow you to display on-line reports only, batch reports only, or all reports.

Sort Order:

This will allow you to sort your reports by Date/Time, Module, Report ID, or Report Title.

Report Status:

This will allow you to display either the current or the previous day's reports.
